# CHAIR'S MESSAGE

## WELCOME TO G100 LEADERSHIP MEETING!

“Being appointed one of the Global 100 Female Leaders representing one of the 100 sectors is more than an honour or a recognition. It is a mission. A mission to defend the cause of ALL women. A mission to bring recognition to all the unsung women who globally battle daily often in silence, for a better society, to elevate others, to maintain the peace and to accelerate economies and so create prosperity for all. It is time for women to take the front row and the spotlight they deserve. This is my mission as a G100 Leader!”
